## **APPROVE DISPOSITION OF SURPLUS PROPERTY**

**BOR (IV-A-I)  
February 27, 2020**

### **Recommendation:**

That the Board of Regents approve the disposal of the property known as the Procurement Service Center located at 200 American Legion Way, Morehead, Kentucky, 40351. That the Board further approve the sale of the subject property to the Rowan County Fiscal Court for a purchase price of \$1,700,000.00

### **Background:**

The Procurement Services Center is located approximately 5.5 miles away from the main campus on American Legion Way (formerly known as Old Cranston Road). Since 2010 this facility has housed a number of campus units including; Procurement Services (PS), Environmental Health and Safety (ESH), Office of Information Technology Computer Receiving and Setup Station (OITCRSS) in addition to being a document and commodity storage facility for multiple campus units.

Recent changes related to efficiency on campus prompted MSU officials to study the feasibility of relocating all the staff and operations out of the Procurement Service Center and into available spaces on the main campus in order to maximize utilization of space and to become more efficient with campus operations. It was determined that having the Procurement Services functions (purchasing, central receiving, surplus property, central storage), EHS and OITCRSS located remotely from campus created significant inefficiencies as facilities staff, procurement staff, OIT staff as well as many other staff from departments on main campus are required to make sometimes frequent trips (11 miles round trip) to and from this remote facility. It is estimated that MSU will experience savings in excess of \$50,000.00 annually from reduced fuel and vehicle maintenance costs with relocating the noted functions to the main campus.

In the spring of 2019, the MSU officials began the process of relocating MSU staff out of the Procurement Service Center and this process was completed on January 31, 2020.

The aforementioned recent and future changes have rendered the Procurement Services Center obsolete to university operations and as such it is in the best interest of the university to dispose of the subject property and building.

The facility is mostly unfinished warehouse space with a total of 67,745 square feet including approximately 6,000 square feet of finished office space on 10.80 acres of land. The property and building was appraised at a value of \$1,906,000.00 on November 20, 2018.

MSU officials agree that the Procurement Service Center is of no benefit to the University. The subject property is not identified in the Campus Master Plan for future use so the disposal would not adversely affect the University. MSU officials are therefore recommending approval of the disposal of the property and building with all proceeds being utilized to reduce university debt.

**Statutory Authority:**

KRS 164A.575(8) provides that the governing board shall sell or otherwise dispose of all real or personal property of the institution that is not needed for the institution's use, or would be more suitable consistent with the public interest for some other use, as determined by the board. The determination of the board shall be set forth in an order and shall be reached only after review of a written request by the institution desiring to dispose of the property. Such request shall describe the property and state the reasons why the institution believes disposal shall be effected.

**Written Request to Dispose of Property**

A written request to dispose of property known as the Procurement Service Center located at 200 Old Cranston Road, Morehead, Kentucky is hereby submitted for approval. With Board approval, the University would like to pursue a sale of this property and building in accordance with current state statutes for fair market value.

## **ORDER TO DISPOSE OF PROPERTY**

**WHEREAS**, upon the recommendation of the President on February 27, 2020, the Board of Regents has reviewed the Written Request to Dispose of Property formerly known as the Procurement Service Center located at 200 Old Cranston Road, Morehead, Rowan County, Kentucky, to the Rowan County Fiscal Court for the purchase price of \$1,700,000.00, and

**WHEREAS**, the President of Morehead State University declares that disposal of the referenced property will not adversely affect the University, and

**WHEREAS**, the disposal of said property is in the best interest of the University and the Commonwealth of Kentucky.

**BE IT RESOLVED**, that the President is authorized to proceed with the disposal of the property formerly known as the Procurement Service Center located at 200 Old Cranston Road, Morehead, Rowan County, Kentucky.

## APPROVE POLICY REVISIONS

**BOR (IV-A-II)**  
**February 27, 2020**

### **Recommendation:**

That the Board of Regents approve revisions to PG-6. These revisions are recommended to comply with applicable legal requirements.

### **Background:**

From 1977 through February 1984, numerous academic and administrative policies were recommended to, and adopted by, the MSU Board of Regents. These "policy statements," as they were labeled, were initially published in a Policy Manual in 1977 and published again in February 1984 with some revisions as approved by the Board.

In 1985, the Board of Regents approved personnel policies published in a comprehensive Personnel Policy Manual, which superseded personnel-related policies in the 1984 policy manual and other documents. The Personnel Policy Manual is now the "official" document where all Board approved policies related to personnel issues are published.

The Personnel Policy Manual is divided into five sections. The first section is on general personnel policies that apply to a variety of classifications of faculty and staff members. Unless specified otherwise, each policy in this section applies to all employees. The policy symbol for general policies is PG.

Four additional sections contain policies specific to a particular classification category as follows:

<i>Classification Category</i>	<i>Policy Symbol</i>
Academic	PAc
Administrative	PAd
Staff Exempt	PSE
Staff Nonexempt	PSNE

Definitions of these classification categories are presented in PG-2.

Morehead State University

**Policy: PG- 6**

**Subject: Sexual Misconduct Policy, See also University Administrative Regulation 337**

Approval Date: 07/01/85

Revision Date: 04/30/93; 09/15/05; 09/24/15; 02/27/20

### **PURPOSE:**

Morehead State University is committed to complying with state law, Title VII, as well as Title IX and related laws including the Jeanne Clery Act (Clery Act) and the Campus Sexual Violence Elimination Act (SaVE Act). These policies and procedures are adopted to prevent, investigate and respond to incidents of sexual misconduct, including sexual harassment, sexual assault, domestic violence, dating violence, and stalking. These guidelines apply to all members of the University community (students, faculty, ~~and staff,~~ volunteers, contractors and subcontractors). The University will respond promptly and effectively to reports of sexual misconduct, and will take appropriate action to prevent, to correct, and when necessary, to discipline behavior that violates this policy on Sexual Misconduct.

### **APPLICATION:**

This policy applies to all employees and students of the University, including volunteers, guests and subcontractors of the University. This policy includes all medical personnel working at the dispensary, clinic, infirmary, student health center, athletic facilities or similar facilities whether they are employees, volunteers or paid under contract for services.

Morehead State University is committed to creating and maintaining a community where all individuals who participate in University programs and activities can work and learn together in an atmosphere free of harassment, exploitation, or intimidation. Morehead State University will not tolerate sexual misconduct as defined in this Policy, in any form. Such acts of violence are prohibited by University policy, as well as state and federal laws. Individuals who the University determines more likely than not engaged in these types of behaviors are subject to penalties up to and including dismissal or separation from Morehead State University, regardless of whether they are also facing criminal or civil charges in a court of law.

Nothing contained in this policy shall be construed to supplant or modify existing laws of the Commonwealth of Kentucky and the United States. This policy shall not be used to remedy acts which are crimes under the laws of the Commonwealth of Kentucky or the United States.

## DEFINITIONS:

### A. MSU POLICY DEFINITIONS

MSU policy prohibits gender discrimination. Sexual misconduct is a form of gender discrimination which violates state and federal law and University policy. Different forms of sexual misconduct are explained in this policy. The determination of what constitutes sexual misconduct will vary with the facts and circumstances of each case. For acts of gender discrimination that are not covered by one of the forms of sexual misconduct addressed in this policy, please see MSU's other policies on discrimination.

**Sexual Harassment** can take one of two forms: (1) Hostile Environment and (2) Quid Pro Quo-

(1) Hostile Environment- refers to sexual conduct so severe, pervasive, and objectively offensive as to unreasonably interfere with a person's work or educational performance or creates an environment that a reasonable person and the specific person being harassed would find intimidating, hostile, or offensive. This form may come from a supervisor, educator, or any other person at the institution.

(2) Quid Pro Quo- refers to sexual conduct so severe, pervasive, and objectively offensive as to alter the conditions of employment and create an abusive working environment. Examples of a quid pro quo relationship may include (but are not limited to) submission to unwelcome advances of a supervisor or educator as an express or implied condition of receiving work or educational benefits or a tangible work or educational detriment resulting from a person's failure or refusal to submit to sexual demands of a supervisor or educator.

Not all conduct with sexual connotations constitutes sexual harassment. To constitute sexual harassment, said conduct must satisfy the legal standard as set forth above.

~~The first form involves unwelcome verbal, electronic, physical and/or visual conduct based on sex, which both (1) unreasonably interferes with a person's work or educational performance, and (2) creates an environment that both a reasonable person and the specific person being harassed would find intimidating, hostile or offensive. This form may come from a supervisor, one's educator or from any other person at the institution. The second form involves either (1) submission to unwelcome advances of a~~

~~supervisor or educator as an express or implied condition of receiving work or educational benefits, or (2) a tangible work or educational detriment resulting from a person's failure or refusal to submit to sexual demands of a supervisor or educator. Examples of sexual harassment include (but are not limited to):~~

- ~~• Unwelcome sexual flirtation or advances.~~
- ~~• Offering employment, promotions, grades or other benefits in exchange for sexual favors.~~
- ~~• Making or threatening reprisals for refusing sexual advances.~~
- ~~• Unwelcome visual and/or electronic conduct such as leering; making sexual gestures; displaying sexually suggestive objects or pictures, cartoons or posters; and suggestive or obscene letters, notes or invitations.~~
- ~~• Unwelcome verbal or electronic conduct such as derogatory comments; epithets; slurs; sexual innuendo; sexual jokes; graphic verbal commentaries about a person's body; and sexually degrading words used to describe a person.~~
- ~~• Unwelcome physical conduct such as unwarranted, suggestive or offensive touching; and impeding or blocking movement.~~

**Sexual Assault** refers to any sexual act directed against another person, forcibly and/or against the person's will; or not forcibly or against the person's will where the survivor is incapable of giving consent, as well as incest or statutory rape. Examples of sexual assault for purposes of this policy include but are not limited to:

- Intentional touching of another person's intimate parts without that person's consent;
- Other intentional sexual contact with another person without that person's consent;
- Coercing, forcing or attempting to coerce or force a person to touch another person's intimate parts without that person's consent; or
- Rape, which is penetration, no matter how slight, of (1) the vagina or anus of a person by any body part of another person or by an object, or (2) the mouth of a person by a sex organ of another person, without that person's consent.

**Domestic Violence** includes felony or misdemeanor crimes of violence committed by:

- A current or former spouse or intimate partner of the survivor;
- A person with whom the survivor shares a child in common;
- A person who is or was residing in the same household as the survivor; or
- Any person against someone who is protected from that person's acts under the domestic or family violence laws of the jurisdiction.

**Dating Violence** refers to violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the survivor.

**Stalking** occurs when someone engages in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others, or suffer substantial emotional distress.

**Sexual exploitation** occurs when someone takes sexual advantage of another person for the benefit of anyone other than that person without that person's consent. Examples of behavior that could rise to the level of sexual exploitation for purposes of this policy include but are not necessarily limited to:

- Prostituting another person;
- Recording images (e.g., video, photographs) or audio of another person's sexual activity, intimate body parts or nakedness without that person's consent;
- Distributing images (e.g., video, photographs) or audio of another person's sexual activity, intimate body parts or nakedness if the person distributing the images or audio knows or should have known that the person depicted in the images or audio did not consent to such disclosure and objects to such disclosure; and
- Viewing another person's sexual activity, intimate body parts or nakedness in a place where that person would have a reasonable expectation of privacy, without that person's consent, and for the purpose of arousing or gratifying sexual desire.

**Unwelcome conduct** does not have to include intent to harm, be directed at a specific target or involve repeated incidents, and can involve persons of the same or opposite sex. Participation in conduct or the failure to complain does not always mean the conduct was welcome. The fact that a person has welcomed some conduct does not necessarily mean a person welcomed other conduct. Similarly, the fact that a person may have invited, requested or otherwise consented to conduct on one occasion does not necessarily mean the conduct is welcome on a later occasion.

**Consent** as used in this policy is defined as follows:

Consent is **informed**. Consent is an affirmative, knowing, unambiguous, and conscious decision by each participant to engage in mutually agreed-upon sexual activity.

Consent is **voluntary**. It must be given without coercion, force, threats, or intimidation. Consent means positive cooperation in the act or expression of intent to engage in the act pursuant to an exercise of free will. Even though consent does not necessarily need to be verbal, relying purely on non-verbal communication can lead to misunderstandings. So, a spoken agreement is the most clearly indicated form of consent. It may not, in any way, be inferred from silence, passivity, lack of resistance or lack of an active response alone. Assuming that consent was given by the absence of a “no” is wrong.

Consent is **revocable**. Consent to some form of sexual activity does not imply consent to other forms of sexual activity. Consent to sexual activity on one occasion is not consent to engage in sexual activity on another occasion. A current or previous dating or sexual relationship, by itself, is not sufficient to constitute consent. Even in the context of a relationship, there must be mutual consent to engage in sexual activity. Consent must be ongoing throughout a sexual encounter and can be revoked at any time. Once consent is withdrawn, the sexual activity must stop immediately.

Consent cannot be given when a person is **incapacitated**. A person cannot consent if s/he is unconscious or coming in and out of consciousness. A person cannot consent if s/he is under the threat of violence, bodily injury or other forms of coercion. A person cannot consent if his/her understanding of the act is affected by a physical or mental impairment. Consent must be given with rational and reasonable judgment, so if the survivor was physically incapacitated from the consumption of alcohol or drugs, unconsciousness, or any other kind of inability, consent cannot be obtained.

## **B. CRIMINAL DEFINITIONS**

Section 304 of the Violence Against Women Reauthorization Act (VAWA), known as the SaVE Act provision, obligates MSU’s policy to include the definitions used by Kentucky’s penal code (KRS Chapters 500 to 534) for “domestic violence,” “dating violence,” “sexual assault,” “stalking,” and “consent” with respect to sexual offenses. Kentucky’s penal code does not define domestic violence or dating violence, although other crimes may apply to those circumstances. Kentucky’s penal code defines sexual abuse in lieu of sexual assault, stalking, and lack of consent, which are set forth below. Please note that the Kentucky penal code definitions are for your information only as required by federal law. For purposes of applying MSU’s policy, the definitions in Part A will govern.

## TITLE IX COORDINATOR

MSU's Title IX Coordinator and Deputy Coordinators play the main role in carrying out MSU's commitment to provide a positive learning, teaching and working environment for the entire MSU community. By providing training on preventing sexual misconduct and retaliation, the Title IX Coordinator and Deputy Coordinators strive to maintain a safe campus and provide a good MSU experience for all.

The responsibilities and functions of the Title IX Coordinator and Deputy Coordinators are set out in this policy, but in general, the Title IX Coordinator and Deputy Coordinators receive and oversee MSU's response to reports and complaints that involve possible gender discrimination, including sexual misconduct, to monitor outcomes, identify and address patterns, and assess effects on the campus climate so MSU can address issues that affect the wider MSU community.

More specifically, the Title IX Coordinator and Deputy Coordinators monitor compliance with the reporting, complaint, investigation, hearing and appeals processes outlined in this policy. Upon a finding of prohibited sexual misconduct under this policy, the Title IX Coordinator and Deputy Coordinators determine whether campus-wide remedies are needed in response, including but not limited to revision of policies; increased monitoring, supervision or security; and increased education and prevention efforts. The Title IX Coordinator and Deputy Coordinators also review sanctions issued under this policy to ensure that they, along with any interim measures and long-term measures taken, are reasonably calculated to stop the sexual misconduct and prevent its re-occurrence. The name, office and contact information for MSU's Title IX Coordinator and Deputy Coordinators are:

- **Title IX Coordinator for MSU:**

Human Resources Director

- **Deputy Coordinators:**

Deputy Coordinators are identified in the Appendix to this Policy and may change from time to time. The Appendix shall be revised to remain current and not require the amendment of this policy.

If any person has a question, complaint or concern he/she believes is covered by these policies and procedures or some other aspect of Title IX, he/she should contact either the Title IX Coordinator or one of the Deputy Coordinators. Reports of sexual misconduct can also be made to “Responsible Employees” as described in this policy.

## REPORTING:

**\*Special reporting requirements for minors (individuals under 18 years old).**  
**MSU requires reporting to the educational institution’s Title IX Coordinator(s) and to either law enforcement or child protective services any sexual abuse of a minor by faculty, staff, volunteers and contractors affiliated with the institution.**

MSU strongly encourages persons who have experienced sexual misconduct, or knows of someone 18 years or older who has experienced sexual misconduct, to report the incident to MSU per this policy. **In case of an emergency or ongoing threat, a survivor should get to a safe location and call 911 or 606-783-2035.** Calling 911 will put the caller in touch with local police. Calling 606-783-2035 will put the caller in touch with university police.

### A. Responsible Employees

In addition to the Title IX Coordinator and Deputy Coordinators, MSU considers certain people to be “Responsible Employees” which means they are MSU employees who are required to report alleged sexual misconduct to the Title IX Coordinator or Deputy Coordinator. Victims are encouraged to speak with a Responsible Employee to make reports of sexual misconduct. The following persons are “Responsible Employees” under this policy: MSU’s Title IX Coordinator, MSU’s Deputy Title IX Coordinators, the President of MSU, Members of the President’s Cabinet, General Counsel, fulltime President’s Office staff, fulltime Provost’s Office staff, Academic Deans and Chairs, Faculty, Dean of Students, and Leadership, the Director and Assistant Director of Residence Life, all Resident Hall personnel, the Athletic Director, Assistant Athletic Directors, Athletic Trainers, all Athletic Coaches, Human Resources Staff, Multicultural Affairs staff, Disability Services Coordinator, International student office staff, and Campus Police Officers.

**All employees are “responsible employees” required to report to the Title IX Coordinator and law enforcement or child protective services when the sexual abuse involves a minor.**

Any member of MSU community can file a report with the Title IX Coordinator, Deputy Coordinators or Responsible Employees. If a survivor shares an incident of sexual misconduct with a Responsible Employee, he or she needs to know that it is the Responsible Employee’s obligation to notify the Title IX Coordinator or Deputy Coordinator of the incident immediately.

## B. Reporting Timeframe

Any person may file a complaint of sexual misconduct at any time. Early reporting is encouraged to preserve evidence and provide the survivor with information regarding rights, options and resources available under this policy and federal/state laws. Reporting of sexual abuse involving minors should take place immediately.

The Title IX Coordinator or Deputy Coordinator will provide survivors of sexual misconduct with information about available support services and resources, and also assist survivors in notifying law enforcement, including the local police, if a survivor elects to do so. **Survivors are not required to report to area law enforcement in order to receive assistance from or pursue options within MSU.** Reporting sexual misconduct to the police does not commit the survivor to further legal action. However, the earlier an incident is reported, the easier it will be for the police to investigate if the survivor decides to proceed with criminal charges.

## C. Reporting Options

This section addresses options for reporting sexual misconduct. MSU may investigate sexual misconduct even without a formal complaint whenever it knows~~SA~~ or there is reasonable cause to believe that sexual misconduct in violation of this policy has occurred.

1. Official Report: Persons are **required** to make an official report of any incident of sexual misconduct involving a minor to the Title IX Coordinator or a Deputy Coordinator and local law enforcement or child protective services, regardless of whether the incident occurred on or off campus. Persons are strongly encouraged to make an official report of any incident of sexual misconduct to the Title IX Coordinator or a Deputy Coordinator regardless of whether the incident occurred on or off campus. Official reports can be made directly to the Title IX Coordinator or a Deputy Coordinator via a written statement or an appointment. Official reporting initiates a course of immediate action. In cases where a complainant states he or she does not want to pursue a formal complaint, the ability of MSU to investigate may be limited. Even if a complainant does not want to pursue an investigation, under some circumstances the Title IX Coordinator or Deputy Coordinator may have a legal obligation to investigate a complaint, such as when there is a risk to the campus community if the accused remains on campus. When determining whether to go forward with an investigation, the Title IX Coordinator or Deputy Coordinator may consider factors such as the seriousness of the allegation, the age of the complainant, whether there have been other complaints or reports against the accused, and the rights of the accused to receive information about the complainant and the allegations if a hearing and possible sanctions may result from the investigation.

If a person is required to report because of involvement of a minor or decides to make an official report involving students 18 & over, faculty, staff, volunteers or

contractors, a detailed (written, typed, emailed, or handwritten) statement of the alleged incident(s) should be submitted to the Title IX Coordinator or Deputy Coordinator. This formal statement should be signed and dated. The statement should be as specific as possible, including dates, times, locations, a description of the alleged misconduct and the name(s) of the accused person(s), and further provide a list of any person(s) who may have information that would be helpful to the investigation and review. The Title IX Coordinator or Deputy Coordinator will promptly investigate all formal reports.

2. Confidential Disclosure: Despite MSU's strong interest in having persons report complaints of sexual misconduct, it is understood that not everyone is prepared to make an official report to MSU. Help may be sought from certain resources that are not required to reveal private, personally identifiable information unless there is cause for fear for the survivor's safety or the safety of others. If a person desires that details of the incident be kept confidential, contact should be made with counselors or other providers who can maintain confidentiality, such as the Caudill Health Clinic. Such professionals generally are not legally required to report personally identifiable information given in confidence unless given permission or unless the allegations involve a minor. If the survivor chooses not to pursue a judicial process option (e.g., criminal charges), generally no further action will be taken unless the professional who receives the concern believes there is an imminent threat to the survivor or others. Persons who disclose incidents of sexual misconduct to counselors, clergy or other providers who can legally maintain confidentiality should discuss whether to have that counselor, advocate or provider report the misconduct to MSU and request interim measures required by Title IX, or request discretionary support measures from MSU without reporting the nature of the conduct.

3. Requests via a Counselor, Clergy or other Provider: A survivor may have his/her counselor, clergy or other provider who can legally maintain confidentiality request interim measures from MSU on the survivor's behalf. The request may trigger MSU's obligation to investigate. To the extent a counselor, clergy or other provider makes a disclosure but, consistent with the survivor's wishes, asks MSU not to investigate or otherwise notify the accused of the report, the Title IX Coordinator or Deputy Coordinators will consider whether he/she can honor the request while still providing a safe and nondiscriminatory environment for all students, faculty and staff, and to take interim measures to protect the survivor as needed.

#### **D. Confidentiality**

Reports and personal information will be kept as confidential as possible to the extent the law allows and to the extent confidentiality is consistent with MSU's need to protect the safety of the MSU community. Complete confidentiality cannot be promised as MSU will need to thoroughly investigate the case, and may need to share some information with relevant administrators of MSU in order to further protect and prevent incidents. Reports to law enforcement may be shared with MSU's Title IX Coordinator or Deputy Coordinators. MSU may be required by law to publish non-identifying information in campus crime statistics.

All MSU employees (with the exception of those who may be bound by confidentiality laws or privileges such as counselors) must share all reports of sexual misconduct with the Title IX Coordinator or a Deputy Coordinator so the matter may be investigated and a determination made whether steps are needed to ensure the safety of the MSU community.

It is the survivor's choice as to whether he/she participates in an investigation; however, MSU may proceed with an investigation without the survivor's participation.

#### **E. Drug and Alcohol Amnesty**

MSU offers amnesty (immunity) to students who may have violated MSU's policies concerning the use of drugs and/or alcohol at the time of the incident when he or she became a survivor of, or witnessed, sexual misconduct. Therefore, no MSU alcohol or drug charges are applied to a student who reports that he or she was under the influence of alcohol and/or drugs at the time of a sexual misconduct incident.

The purpose of this section is to encourage reporting. Survivors or bystanders (witnesses) should not let their use of alcohol or drugs deter them from reporting an incident. When conducting the investigation, MSU's primary focus will be addressing the sexual misconduct violation and not alcohol/drug use violations that may be discovered or disclosed. However, MSU may provide referrals to counseling and may require educational options on drugs and alcohol, rather than disciplinary sanctions, in such cases.

### **WRITTEN NOTICE OF RIGHTS AND OPTIONS**

Any person who reports an incident of sexual misconduct, regardless of whether the incident occurred on or off campus, shall receive a written explanation of his/her rights and options as provided for under this policy. These rights and options include the right(s) of a survivor to:

- File a domestic abuse or dating violence complaint in court requesting an order restraining the attacker from further abusing, and/or an order directing the attacker to leave the victim's household, building, school (including MSU) or workplace.
- Seek a criminal complaint for threats, assault and battery, or other related offenses.
- Seek medical treatment (the police will arrange transportation for the victim to be transported to the nearest hospital or otherwise assist the victim in obtaining medical treatment if the victim desires).

- Request the police remain at the scene until the victim's safety is otherwise ensured.
- Request that a police officer assist the victim by arranging transportation to a safe place, such as a shelter or a family or friend's residence.
- Obtain a copy of the police incident report at no cost from the police department.

## **PROCEDURES SURVIVORS SHOULD FOLLOW**

If an incident of sexual misconduct occurs, it is important to preserve evidence so that successful criminal prosecution remains an option.

The survivor of a sexual assault should not wash, shower or bathe, douche, brush teeth, comb hair, or change clothes prior to a medical exam or treatment. If a survivor has removed the clothing he or she was wearing during the assault prior to seeking medical treatment, that clothing should be placed in a brown paper, not plastic, bag and taken to the hospital when treatment is sought. If the survivor is still wearing the clothes that he or she was wearing during an assault, he or she should bring a change of clothes with him or her to the hospital so that the clothes containing possible evidence can be preserved and examined for evidence of the crime.

Evidence of violence, such as bruising or other visible injuries following an incident of sexual assault, should be documented by photographs. Evidence of stalking, including any communications such as written notes, email, voice mail, or other electronic communications sent by the stalker, should be saved and not altered in any way.

## **INTERIM MEASURES AND ACCOMMODATIONS**

The Title IX Coordinator and Deputy Coordinators have the right to take necessary measures to protect a person's rights and personal safety. Therefore, interim measures will be available to protect persons from any kind of retaliation or threatening situations during and after the investigation process. These measures include but are not limited to changes in class schedules, living or working arrangements; safety escorts; parking arrangements; dining arrangements; and resources for professional counseling. Regardless of whether a person reports an incident of sexual misconduct to law enforcement or pursues any formal action, if a report of such an incident is made to MSU, MSU is committed to providing a victim a learning or working environment that is as safe as possible.

The Title IX Coordinator or Deputy Coordinator determines which measures are appropriate for survivors on a case-by-case basis. Upon receiving a report of sexual misconduct, the Title IX Coordinator or Deputy Coordinator will ask the survivor or his/her counselor, provider or advocate what interim measures, if any, are sought. If the survivor

or his/her counselor, provider or advocate identifies an interim measure that is not already provided by MSU, the Title IX Coordinator or Deputy Coordinator will consider whether the request can be granted. In those instances where interim measures affect both a survivor and the accused, the Title IX Coordinator or Deputy Coordinator will minimize the burden on the survivor wherever appropriate.

When a survivor's off-campus counselor, provider or advocate seeks any of the above-listed interim measures without disclosing that sexual misconduct is the basis for the request, the Title IX Coordinator or Deputy Coordinator will consider the request consistent with its general policy of allowing counselors, providers and advocates to seek such measures for survivors of trauma without requiring that the nature of trauma be disclosed.

MSU is also committed to ensuring that orders of protection issued by courts are upheld on all MSU-owned, used and controlled property, as well as properties immediately adjacent to MSU. Therefore, if any member of MSU community obtains an order of protection or restraining order, he/she should promptly inform the Title IX Coordinator or Deputy Coordinator and provide him/her with a copy of that order so MSU can enforce it. MSU is also committed to protecting survivors from further harm, and if the Title IX Coordinator or Deputy Coordinator determines that a person's presence on campus poses a danger to one or more members of MSU community, he/she can issue an institutional "No Contact" or "No Trespass" order barring that person from MSU property.

## **INVESTIGATION AND HEARING PROCESS**

MSU's Title IX Coordinator or Deputy Coordinator will investigate all alleged violations of this policy regardless of whether the conduct is alleged to have occurred on-campus or off-campus. Each report must be evaluated on a case-by-case basis, taking into account the relevant circumstances of each case. The investigation process may include interviews, reviewing student and/or employee files, and gathering and examining other relevant evidence. The investigation process will be balanced and fair and give both the accused and the complainant the chance to discuss his/her involvement in the reported incident. Allegations of sexual misconduct will not be referred to informal mediation.

If the investigation concludes that evidence exists to suggest that a violation of this policy more likely than not occurred, the Title IX Coordinator or Deputy Coordinator will refer the case for a hearing before MSU's Sexual Misconduct Hearing Panel which shall consist of five members of the Sexual Harassment Hearing Board chosen by the Title IX Coordinator or a Deputy Coordinator designated by the Title IX Coordinator. The MSU General Counsel or his/her designee shall serve as legal advisor to the Sexual Misconduct Board and the Hearing Panel.

The Sexual Misconduct Hearing Board shall be appointed annually by the President and shall consist of no less than five faculty members, five staff members and three students. If vacancies exist during the school year, the President may appoint a person of the appropriate category to fill the vacancy. Members may be reappointed from year to year at the President's pleasure. The President may request names from the Faculty Senate Chair, the Staff Congress Chair and the Vice President for Student AffairsLife to consider for appointment to the panel from their constituencies. All panel members must attend Sexual Misconduct Hearing Board training as designated by the Title IX Coordinator in order to serve on the Board.

If a hearing involves a student, at least one member of the Hearing Panel selected to hear the case shall be a student, and at least one faculty member and one staff member shall serve on the panel. If a faculty member is involved in the case, at least three faculty members shall be selected to serve on the panel hear the case. If a staff member is involved in the case, at least two staff members shall be selected to the panel. The Title IX Coordinator or a designated Deputy Title IX Coordinator shall select one of the five chosen panel members to serve as the panel chair for the case. In the event of a conflict of interest, a Hearing Panel member will recuse himself/herself from the Panel, and the Title IX Coordinator or designee shall appoint a new panel member to serve.

Each party will have the following hearing rights:

- The right to notice of the specific allegations at issue, including notice of anticipated witnesses and evidence to be addressed at the hearing.
- The right to access information and evidence directly related to him/her within a reasonable time before the hearing.
- The right to attend the hearing and speak on his/her own behalf. Invoking the right not to speak will not be considered an admission of responsibility.
- The right to have an advisor of his/her choice present at the hearing. Advisors may not directly participate in the hearing.
- The right to introduce evidence and question witnesses at the hearing, provided, however, that the complainant and the accused will not be allowed to directly question each other. Such questions may be supplied to the chair who may ask the question.
- The panel members may ask questions of the witnesses at the hearing.

Hearings will be closed to the public. Hearings shall be recorded, and testimony shall be sworn. The Title IX Coordinator may accommodate concerns for the personal safety, well-being and/or fears of participants during the hearing by providing separate facilities, by using a visual screen and/or by permitting participation by telephone, video conference or other means as appropriate.

Following a hearing, the Sexual Misconduct Panel will deliberate and determine whether, given the evidence and testimony presented, it is more likely than not that a violation of this policy occurred. Possible hearing outcomes for students include, but are not limited to, changes to class schedules; changes to living arrangements; suspension, separation or expulsion from MSU; and for all reporting the incident to the local police. Faculty and staff may be reprimanded, suspended without pay, or removed from employment. The measure taken will depend upon the individual circumstances.

The Title IX Coordinator will inform both parties in writing of the outcome the investigation and/or hearing within seven (7) business days of the investigation and/or hearing's conclusion. Notice of the outcome will include key findings and any penalties or protective measures directly related to the party. If the measure taken by the Sexual Misconduct Panel includes suspension or removal of a faculty or staff member, the Title IX Coordinator will also forward the decision to the President. If the measures involve a student, the outcome will be reported to the Vice President for Student [AffairsLife](#).

As a general rule, MSU will complete the investigation and hearing process within sixty (60) calendar days from receipt of a report. However, MSU may extend that time frame under special circumstances such as complex cases requiring extensive investigation and breaks between academic periods making relevant parties or officials unavailable. MSU will work to keep extensions to a minimum and will keep the parties informed of the status of their case.

Survivors always have the option to file a criminal report in addition to or in lieu of a report under this policy. In no case should a survivor be dissuaded from reporting sexual misconduct to law enforcement. Regardless whether a survivor elects to file a criminal report, MSU will conduct a separate investigation of its own consistent with this policy. If the accused is not affiliated with MSU, an investigation will still be conducted. The Title IX Coordinator or Deputy Coordinator may issue a No Contact or No Trespass order to an accused unless and until the accused is found not responsible. If the accused is a student or faculty from a visiting institution, MSU reserves the right to contact that institution for further investigation.

Throughout the process, arrangements will be made to prevent the parties from having direct contact or communication with each other.

The Title IX Coordinator will keep a record of the hearing and investigation process for each case.

## **APPEAL PROCESS**

Once a decision has been made and both parties have been notified of the outcome, either party may appeal that outcome (including punishment) to MSU Appeals Board, which will consist of three members of the Sexual Misconduct Hearing Board that have not served on the case. If a case involves a student, at least one member of the

Appeals Board shall be a student and likewise with Faculty and Staff..<sup>1</sup> Appeals must be received by the Title IX Coordinator no later than five (5) business days after the date the underlying decision is issued. Appeals received after the deadline will not be processed. Appeals should be marked “confidential” and submitted by hand delivery or by email or mail to the Title IX Coordinator.

Both parties will be notified in writing by the Title IX Coordinator that an appeal was received. The burden of proof lies with the appellant.

MSU Appeals Board will assess and decide the appeal based on the investigation and hearing record from the previous levels within twenty-one (21) calendar days of receiving the appeal, unless circumstances require more time, in which case the Title IX Coordinator will advise the parties of the need for more time. Grounds for appeal are limited to the following:

- MSU made a procedural error, which could have significantly affected the outcome.
- Previously unavailable and relevant evidence was found that could impact the final result.
- The determination of whether a violation occurred was arbitrary and unjustified by the evidence presented at hearing.
- The penalties imposed or other protective measures taken are too severe based on the evidence of record.

The Title IX Coordinator will notify the parties of the outcome of the appeal. All decisions by MSU Appeals Board are final with the exception of the following:

- Sanctions which include student suspension or expulsion, which may be further appealed to the President and Board of Regents in the same manner as provided by the MSU Eagle Student Handbook for Student Disciplinary Committee decisions.
- Sanctions which include suspension or dismissal of a staff member which may be appealed to the President who will review the record and determine if dismissal or another penalty is appropriate. The President's decision shall be final.
- Sanctions which include faculty termination/removal, which may be further appealed to the President and Board of Regents. Sanction involving suspension without pay, may be appealed to the President. The President shall review the record and determine whether suspension or dismissal is

<sup>1</sup> In the event of a conflict of interest, the board member who has the conflict will recuse himself/herself from the committee and the Title IX Coordinator (or designee) will appoint a replacement.

appropriate. The decision of the President shall be final if he/she determines suspension or another penalty is appropriate. If the President determines removal is appropriate, he/she shall refer the case to the Board of Regents who shall review the case on the record de novo. The Board may either remove the faculty member or may determine if a lesser penalty is appropriate. The decision of the Board shall be final.

The Title IX Coordinator will keep a record of the appeal process.

## **NO RETALIATION OR DETERRENCE FOR FILING REPORTS**

MSU strictly prohibits retaliation for making a report under this policy or participating in an investigation or hearing under this policy. Examples of retaliation include, but are not limited to, a face-to-face threat, a digital message and/or physical intimidation. Retaliation can be by someone other than the accused. Any person who feels they have been retaliated against as a result of a report under this policy should contact the Title IX Coordinator or a Deputy Coordinator immediately.

## **RESOURCES**

**Numerous resources both on and off campus are available and shall be set forth in the Appendix to this policy. The resources shall be updated as appropriate without necessity to amend this policy.**

## **TRAINING AND EDUCATION**

All students, faculty and staff must complete MSU-sponsored training on sexual misconduct issues within the dates and times arranged by the Title IX Coordinator as frequently as designated by the President. Failure to do so may result in corrective action.

All faculty and staff must complete training on how to identify and report sexual misconduct with minors.

Volunteers, camp staff and contractors with direct unsupervised contact with minor(s) or going on any overnight events, regardless of whether the minor is an MSU student or a participant in MSU sponsored programs/activities, must submit to a background check for a complete history of criminal and/or child abuse. They must also complete MSU-sponsored training on sexual misconduct and how to identify and report sexual misconduct with minors within the dates and times arranged by the Title IX Coordinator or the Director of EHS, Risk Management & Insurance BEFORE they may commence activities. Please allow for up to 30 days for completion of background checks and training.

Both the background check and training must be completed annually for all volunteers, camp staff and contractors. Faculty & Staff must request annually and verify that all volunteers, camp staff and contractors with direct unsupervised contact with minors have completed the annual training and passed the background check before allowing them to participate in the event/program. Failure to do so may result in corrective action.

Training will, at minimum, cover the following:

- MSU policies and procedures for reporting and addressing sexual misconduct;
- Reminders that MSU prohibits the offenses of domestic violence, dating violence, sexual assault, sexual exploitation and stalking;
- The definitions for domestic violence, dating violence, sexual assault, sexual exploitation and stalking;
- The definition of consent and “welcome” conduct;
- Training on safe and positive options for bystander intervention that may be carried out by an person to prevent harm or intervene when there is a risk of sexual misconduct against a person other than such person;
- Information on risk reduction to recognize warning signs of abusive behavior and how to avoid potential attacks;
- Possible sanctions or protective measures that such institution may impose following a final determination of an institutional disciplinary procedure regarding sexual misconduct;
- Procedures survivors should follow if sexual misconduct has occurred;
- Procedures for institutional disciplinary action in cases of alleged sexual misconduct;
- Information about existing counseling, health, mental health, survivor advocacy, legal assistance, and other services available for survivors both on-campus and in the community; and
- Information about survivor options for, and available assistance in, changing academic, living, transportation, and working situations, if so requested by the survivor and if such accommodations are reasonably available, regardless of whether the survivor chooses to report the crime to campus police or local law enforcement.

In addition, MSU provides informational resources such as crime bulletins and alerts and bulletin board campaigns.

**APPROVE NAMING OF ERNST AND SARA LANE  
VOLGENAU COLLEGE OF EDUCATION**

**BOR (IV-A-III)  
February 27, 2020**

---

**Recommendation:**

That the Board of Regents approve the naming of the College of Education as the *Ernst and Sara Lane Volgenau College of Education*.

**Background:**

The naming of facilities or components of the University requires a recommendation from the President and approval by the Board of Regents. Traditionally, naming of components or facilities is a permanent means of recognizing those who have provided outstanding support to the University or given exemplary personal service over a sustained period of time. Drs. Ernst and Sara Lane Volgenau have signed a Letter of Intent with the University to establish the *Drs. Ernst and Sara Lane Volgenau Scholarship Endowment*, a fund to benefit Morehead State University teacher education students. This naming opportunity meets the requirements of the University's naming policy.

Drs. Ernst and Sara Lane Volgenau of McLean, Virginia, are visionary leaders in the field of STEM education, business development and philanthropy. Sara Lane Volgenau is a 1957 graduate of MSU with a degree in elementary education. Ernst Volgenau graduated from the U.S. Naval Academy and later earned a Ph.D. degree in engineering at UCLA. During his full career in the United States Air Force, Ernst Volgenau worked on research and development for satellite and other space projects. In 1978, he founded SRA International Inc., an information technology company that was listed on the New York Stock Exchange and named to the Fortune magazine list of Best Companies to work for in America. The Volgenau Family believes improving education and the pipeline of STEM teachers will help the economy of Eastern Kentucky, the Commonwealth, and the entire nation. They were each presented with honorary degrees of Doctor of Public Service at Morehead State University.
